B) Responsibilities & Timeline

Responsibilities

- My Tasks:
 - Pre-Write all posts/tweets/emails for live messaging
 - Submit content ideas to marketing manager
- RMHD Tasks
 - Send out social media blasts, email blasts
 - For every 2500 raised, release family photo with accompanying story

Timeline

September 12th – Social Media Content submitted via email (See attached document for submitted content)

September 14th – Begin and intensify NTXGivingDay promotion with custom content.

September 15th – Receive feedback. Requested for additional media posts, to promote their TV presence on WFAA.

September 16th – Additional content submitted.
(See attached document for additional content)

September 17th – Every 2500 raised, release a family story on social

C) What didn't transpire?

About ½ of my content ideas were used or slightly re-worded for in the NTXGivingDay campaign. Most of my WFAA promotions made it on the Twitter, FB, and Instagram page.

Because of time constraints the other half of social content (required more preparation and involvement) did not make it online.

In the attached documents I've highlighted several ideas that made the cut and which did not. Several ideas that didn't make it were intended to create awareness for the non-profit. The marketing manager suggested implementing several of my ideas after Giving Day.
